READING THE NUMBERS

How to interpret your results

Each figure is clearly sourced so you can see what it measures and where it came from. Together, these results show the reach of this release and how it contributes to your broader communications and digital footprint.

• Every placement builds your footprint

Your release is live on Affinity Group Publications. Each placement gives your news another place to be discovered while adding attributable data points to your organization's digital record.

• Search & AI can find your news more easily

Indexable placements help search engines and AI answer systems discover and understand your news. Each release strengthens the digital footprint surrounding your company, products and expertise.

• Journalists make the editorial call

We delivered your story to journalists, with your organization clearly identified as the source. Each journalist and newsroom independently decides which stories to pursue, cover or publish.

• Different numbers tell you different things

Placements show where your press release appeared. Delivery figures show where your news was sent, while audience estimates indicate the potential scale of the publications and platforms carrying it.

AUDIENCE SCALE

Your placements span a network with 330+ million monthly visitors

According to reported audience data from our syndication partners, the sites carrying your press release collectively reach more than 330 million unique visitors each month. This represents the potential audience available across your distribution footprint. It is not guaranteed views of any individual release.

A verified record from source to distribution

We timestamp your press release as it enters our distribution network and track where it goes. This creates a clear publication trail back to your organization, making your news easier to attribute, verify and identify as yours.

TIMESTAMP: 27 OCT 2026, 12:30 EDT, PR ID 9688528.

01	Release submitted, source verified We verify the account holder associated with the press release, creating a clear record of who submitted the news.	● TRACKED
02	Editorial review completed Our editorial team reviewed your release against EIN Presswire's publication guidelines. The distributed version is recorded against the final copy you approved, helping preserve the integrity and attribution of your announcement.	● TRACKED
03	Released into distribution Your press release moved from submission into active distribution across major news channels, including AP News and Google News, along with the geographic and industry distribution channels selected for your release.	● ACCEPTANCE CONFIRMED 5
04	More pathways for search and AI discovery Publishing your news across established, indexable sources creates more opportunities for Google, Bing and Yahoo, as well as AI-powered answer systems such as ChatGPT, Claude and Gemini, to discover, understand and potentially surface your story.	● TRACKED 6
05	Delivered to professional news databases Your release reached professional information platforms including Bloomberg Terminals, Muck Rack, Moody's NewsEdge, Naviga, MENAFN and Crunchbase, where journalists, analysts, researchers and other decision-makers monitor organizations and industry developments. Paid access is required to use these databases.	● DELIVERY VERIFIED 7
06	Published across news platforms Your press release is now live across 327 local broadcast news sites, extending your story from national distribution into local media markets across the U.S. Each confirmed placement can be followed through its direct link in your tracking file.	● TRACKED 327
07	Published through Affinity Group Publications Your release now appears across 62 sites within Affinity Group Publications (AGPs), EIN Presswire's exclusive network of more than 3,900 niche news sites covering industries, regions and communities worldwide. Each placement extends its reach and adds to your digital footprint.	● TRACKED 62
08	Delivered through the World Media Directory Your release was delivered directly to 107 journalists and media contacts across United States and District of Columbia based on your selected targeting. This is direct media outreach rather than guaranteed publication; each journalist or newsroom independently decides which stories to pursue.	● DELIVERY VERIFIED 107

Your release also appears across 7 EIN Presswire geographic and industry newswires, helping connect your story with audiences by location and subject. These attributable, indexable pages add relevant context around your organization, supporting SEO, GEO, and AI discoverability while strengthening the digital footprint around the markets and topics most closely associated with your brand.

TRUST INFRASTRUCTURE

The proof behind your results

EIN Presswire is part of Newsmatics, a trust infrastructure company built around evidence, attribution and transparency.

Your distribution report creates a traceable record of where your release came from, how it was reviewed, where it was distributed and where it appeared. That gives you more than reach. It gives you evidence you can verify, share and build on.

Over time, each release adds another attributable piece to your company's digital record, helping strengthen your brand narrative, digital footprint, SEO, GEO and AI discoverability.

AUTHENTICITY

Proof your press release is authentic

EIN Presswire links your press release to the verified account holder and timestamps its entry into distribution. Your downloadable file brings that record together with your confirmed placement links.
